- b. It must include a brief explanation of the data sources and methods used to design the infographic.
 - c. The description shall not exceed 300 words.
 - d. The description must be original and free from plagiarism.
 - e. The description must be written in English.
 - f. The description must be written in Times New Roman, size 12, with 1.5 line spacing and have 2.5 cm (1 inch) margins on all sides.
 - g. The text must be justified.
 - h. The file must be submitted in PDF format.
 - i. The language must be formal, clear, and professional.
 - j. Proper references or citations must be provided for all data sources and theoretical foundations used in the infographic description.
 - k. Citations must be written in the format (Name, Year).
 - l. The reference list must follow APA Style (7th edition).
 - m. References should be placed at the end of the description under the heading *References*.
3. The infographic is made on poster-sized canvas (60 cm x 90 cm), portrait orientation, 300 ppi resolution and sent in PNG format.
 4. The infographic must use the official border provided by the committee.
 5. The participating teams are allowed to use any application to work on the infographic work.
 6. The submitted work has never been published and/or included in other competitions.
 7. Participants are required to use the data provided by the committee in the work they create.
 8. Participants are allowed to use supporting data, the data must come from credible and accountable sources.
 9. The participating teams are only allowed to submit original work. Plagiarism is strictly prohibited. If participants violate the rules, they will be disqualified.

C. General Rules

1. Participants are forbidden to replace any member or the leader of the group.
2. The committee will retain the right of ownership of the works submitted, therefore the committee has the right to publish the submitted works.
3. It is prohibited to insert the identities of institutions such as logos, the name of universities, and others in the infographic nor the description.
4. The decision of the jury will be final.
5. Any form of delay will not be tolerated by the committee.
6. The work does not contain elements of insults to racist or discrimination, pornography, radicalism, violence, and/or violations of applicable rules/laws/norms.

D. Judging Criteria

The **ten teams** that will qualify for the final stage will be determined based on the evaluation according to the following criteria:

Judging Criteria	Weights
Suitability to the Topic	15 %
Visual quality of the work	25 %
Quality of information presented	20 %
Sharpness of statistical analysis	25 %
Originality and attractiveness of the work	15 %
Total	100 %

E. Penalty for Violation of General Rules

Disqualification will occur if the participating team commits the following violations:

1. Participants are found to replace or exchange the team leader or other members.
